

Ella was recommended to us by our decorator, John Whelan.

She has transformed the interior of our house!

It was looking rather tired and in need of a new coat of paint but we had planned just to repeat the colours already in use.

Ella changed nearly everything, but the styles and colours were in sympathy with existing fixtures and with our taste. In fact John Whelan was rather shocked at the complicated colour choices... !

We also had quite a few new soft furnishings. Ella organised re-upholstering and a new look for our settees, stunning new curtains and blinds in several rooms... and the new look was finished by complementary cushions and new rugs. We had the kitchen units repainted in a colour that complemented our existing tiles.. and Ella suggested snazzy blue drawer knobs which really completed the new look .

Ella has been friendly, helpful and professional throughout and I would really recommend her services.

We love our fresh new house, and have had many admiring comments from visitors.

Regarding: Mella Design Limited

Mella Design completed a redecoration project of our sitting room and dining room last year. We were looking for some fresh ideas and we chose Mella Design because they're a very local company. We are very happy with the finished results. Ella Dominguez from Mella Design brought design ideas to the house so that we could see how they would look *in situ*. After finalising the colour scheme Ella organised make-up and delivery of the soft furnishings whilst the decorating was under-way, managed delivery of several items including resolving an issue with one supplier when she was not happy with the quality of the material supplied, and finally organized and oversaw hanging of the curtains that put the finishing touches to an excellent redecoration of our two rooms.

Overall we were very happy with Mella Design, and are currently working with Ella on our next decorating project.

Tylers Green

We ordered hand made bedroom and lounge curtains and blinds for the kitchen. All of excellent quality and with attention to detail.

The service was helpful and suggested things and fabrics we may not have considered.

We are thrilled with the results.

Thanks for your professional and friendly service. You provided a wide range of suitable options for fabrics that has clearly been thoroughly researched. Great ideas that we would not have thought of ourselves with a real attention to detail. We are delighted with the results.

Very many thanks for all your work, I am very pleased with the fabric and the way they have been made. I'm not sorry I didn't have the triple pleats, they are quite full enough and hang beautifully.

I have used Mella on a number of occasions, for complete rooms to just some cushions, always good value.

Dear Ella

After moving to the UK and not knowing where to find a company who was prepared to do some alterations on my existing curtains, I really hit the jackpot when I met you.

My curtains look fantastic and so do the roller blinds that you have installed.

I am so pleased with your friendly and professional service and will definitely use it again!

Many thanks
